April Work Party

The picture on the left is what we saw when we arrived Saturday morning for our 'Spring' work day. However, this did not deter our members, as we ended up having the best turnout in years (picture on right), got all of our projects done, and had a bit of fun doing so. We would like to express our deepest thanks to the following members who showed-up, joined in the various detail teams, and did a great job for their club! We are the club, and it is what we make it.

Safety and Rules Reminders

A number of instances of members not following the club rules have been reported. Even though the offences have been committed by only a few, we are reminding all of the following:

- Members must sign in & out when using the range & show the caliber used
- Members will be held accountable for all guests
- Before a range is declared “cold” and persons allowed down range, all firearms are to be unloaded and actions opened. No firearm handling is allowed while anyone is down range. NRA rules govern pit operations during matches and organized practices
- No automatic firing weapons allowed on the range
- Do not drive over range firing points or berms.
