Shed Painting Project

Special thanks to Mike McGill and Ron Michon for completing the much needed repainting of the middle target shed (see photo below). This project is worthy of special note because the paint was purchased with funds received from Mike and Ron cleaning-up a large pile of junk target carriers from the side of the main shed and turning in the metal as scrap. We are a club of volunteers and this a good example of what can be done with an idea, teamwork, and some effort. So please share your ideas and stay involved to see the project to completion.
