Range Maintenance

Tree growth along the right side of the range is now beyond our ability to manage it, and is preventing full use of our long-range facilities. Some trees on our own property may be cut down, while those on Watervliet property and signature Pine Bush species may only have interfering branches trimmed, which will require specialized equipment and skills to do safely. We are looking for willing and able volunteers to assist with this project, which we hope to undertake in the Fall. Please contact Guy Gamello at guygamello@gmail.com if you can be of assistance. Thank you
