25 July 2023 News Letter

Hello Forbes Rifle and Pistol Club members,

Hope all is well with you and your families. On Tuesday, July 25th, a meeting of the Forbes Rifle and Pistol Club was held at the Zaloga American Legion Post. The meeting was called to order.

The treasurer presented the financial report to the club and informed the members that the audit conducted by the IRS has been successfully completed. The treasurer informed members that the firm that handled our tax prep will not be continuing with Forbes and we are in search of a new firm that is better suited for a non-profit organization.

Our long range and CMP matches have been a great success. Congratulations to all match winners and turnout for those who competed. Also, a special thanks goes out to the match directors and those who helped prep the range.

The club is trying to locate missing spare parts for the ShotMarker system. Please check to see if these have accidentally been misplaced with your personnel items from a match or practice session.

The club is getting quotes for installing electricity to the sheds. A recommendation was made to change or eliminate the summer meeting due to the low turnout. Your thoughts on the change are appreciated.

Changes to the clubs' by-laws are required and will require a vote when presented at a future membership meeting. A special newsletter will be presented to members with the changes to the by-laws once the board completes the review.
